“ I can't believe that John is gone. When I first met him he was such a positive influence in my life He was always a great friend to me and he was a an absolute gentleman and genuine person who I could trust and to know that he would always be there for anyone who needed him in any situation. Although I lost contact with him I knew that he was going through some tough times and I said to him on many occasions please don't hesitate to reach out to me Unfortunately I didn't get the chance to talk to him. I also suffer with my Disease of depression and it's a very serious illness that sometimes can't be resolved and in just upsets me so deeply that we lose someone that was a part of our lives to this disease. John I'm so upset that I didn't get to talk to you and spend more time with you. I will never forget you and I will miss you and your beautiful personality. RIP MY FRIEND I LOVE YOU MAN.
