“ I worked with Keith for over five years and the Erb Baden shop won't be the same without him. His presence will be missed. He had a great sense of humor, and I will miss our chats about trucking, weather, and the Blue Jays. My deepest condolences to his family and friends on their loss.

“ I was shocked and saddened to hear of Keith's passing. My contact with Keith was through the Erb reefer shop. As a driver I only contacted Keith when having problems with the truck reefer but always found Keith helpful and reliable.

My condolences to all of his family and friends, in particular those I know, Theresa and his brother Paul

“ My Uncle Keith used to always chase me around when I was little because I said no to a hug, because when I was little I didn't like the smell of smoke. Looking back at that now makes me smile every time I think about it. I'll never forget the countless hugs and kisses including the ones where his beard would tickle me. I know he'd be proud of what I've done and continue to do. I know he's looking out for me too
