“ I have so many memories of Nana that I could write for days and still not share all the cherished memories in my heart. So I will share just a few.

First I would like to say how honoured I am to be one of many grandchildren that Loretta and Wilbert Ditner have. I am privileged to have had Nana in my life for 40 years of her 93.

I remember as a little girl nana and I liked to bake together especially Lard cakes . Nana even made me a matching apron to go along with the one she had made for herself. I remember one time baking and nana left the blue food colouring down and I was covered in it, so was the counter, the floor and I think I even managed to get some on Nana.

I remember many times hearing about Jesus and nana teaching my cousin Cheri and I to sing Amazing Grace and Go Tell It On the Mountain. We would be going through the house singing it at the top of our lungs. Amazing Grace is one of my favorite hymns to this day and I owe that to my Nana. Nana and Papa loved Jesus! I remember many times when I had sleep overs at their home and waking up in the middle of the night to find Nana praying and reading her bible. I would say oh nana you should get some rest and she said, I have so many to pray for and you know she was praying for you and I.

Family and Friends were very important to both Nana and Papa, I remember many family events held at the various homes in which they lived from Easter, and Christmas to Birthdays and get togethers after Saturday evening church service. You were always welcomed in their home and there was always food to eat. Speaking of food they introduced me to various foods growing up that I love to this day Like Limburger cheese, apple butter, cooked cheese, smoke pepperettes(that papa used to make) and I can't forget pigtails .Oh the times we have had.

Nana and Papa were wonderful , loving grandparents, Papa left us 7 years ago to go to Heaven and be an angel looking down on us. When Papa was here with us he use to call me his angel and now that nana has joined him we have two very special angels looking down from Heaven on us.

*I miss papa very much and now will miss nana too, but I will cherish them in my heart forever and always . I love you both and I know this is not how it ends that some day we will meet again in Glory. So until then Nana give papa a kiss from me and know that you are loved forever and for always as long as Im living my Nana you ll be!
Love your granddaughter

“ I have so many memories of my Nana that I could write for days and still not share all the memories and cherished moments that will live on in my heart. So I will share just a few. When I was just a little girl and Nana and Papa lived in the house near Hilieburg we used to do a lot of baking and one of our favorites were Lard cakes. Nana had made me a matching apron to go with hers .I remember one time we were baking and she left the blue food colouring down and I was covered and so was the counter and floor, I think I even got a little on Nana. I remember many times with Nana, and my cousin Cheri and myself singing Amazing Grace and Go Tell It On the Mountain.Nana and Papa love Jesus, their Saviour and you knew it. I remember sleeping over at their place and waking up in the middle of the night and finding nana in the livingroom praying and reading her bible, when I would say nana you should get some rest too she would say" oh I have so many to pray for ! She was praying for you and me. I remember many family occasions celebrated in their home and the love and memories shared there. From Easter egg hunts, and Christmas with Santa, to Birthday celebrations or just weekend visits. Family and Friends meant the world to Nana and Papa. They new they were loved by so many and you couldnt help but know they loved you too.Nana and papa introduced me to many wonderful foods as I was growing up from limburger cheese, cook cheese, apple butter , smoked pepperettes, pig tails, we always enjoyed them together. When Papa was here he used to call me his angel and 7 yrs ago he went to heaven and became an angel to us. Now we have both nana and papa looking down on us and they truly are a set of angels. I will carry my cherished memories of them both in my heart forever and always!

I thank God for the many years that we had you and papa here with us,I was blessed to have you both in my life and it was an honour to call you Nana and Papa.A priviledge I had for 40 years.

I will miss you nana just as I do papa, but I take comfort in knowing that you are with Papa and Jesus and know that this is not how it ends. We will see each other again some day in Glory! Until then Kiss papa for me !

“ *I have so many memories, Nana taught me a lot about life and how to live, prayers and God were a huge part of her daily routine much like we shower and brush our teeth. We could all learn from that....I could go on and on here of all my memories but if Nana and Papa are looking down they are gonna laugh at this memory,,, I was about 15 maybe and it was when they lived in Wayne and Lauries farm house, Papa was making burgers and he took them off the stove and put them on top of the fridge, forgetting they were there he opened the freezer and they fell to the floor, all three of us burst into laughter it was hilarious ,, definitely a had to be there moment. I just remember them giggling about it years later. I have never met two people who had been through so much in their lifetime stand so strong together. I will miss you Nana but it is your time now to be with your family there.....RIP
p.s her cherry pies were amazing!*

“ I was just a young teen when I first met Loretta. She was so kind to me when I was babysitting my niece on their farm. Then many years after that I went to church in Palmerston where she and her family went also. Loretta was a very sweet lady and is someone that I was privileged to have known. RIP dear lady your will be missed by all.
