“ *My sincere condolences to the Wagner family. I was fortunate to come into contact with Peter, during his several visits to the Island Treatment Plant. He was a genuine person and was a fountain of information. He was always happy to entertain any question you had, and left you with much more information than you started with. Thanks for this. He will be missed*

“ My sincerest condolences to Peter's family on the news of his sudden passing. I worked with Peter at Hatch and was fortunate to get to know him personally. I know how much he cherished his family, and he spoke often of his nieces. Peter was a quirky and unique man, one of the most genuine people I've ever known. I'm terribly sorry for your loss and hope that Peter is resting peacefully.

My deepest condolences. Peter pushed himself hard working at the R.L. Clark water treatment plant. He spent long hours fixing/updating the filter system. So take pride that Peter's work still lives with us and when this plant produces water. A part of him will always be here. He will be missed.
