“ *Good bye Aunt Ruth. Growing up, special occasions were always centred around time with you and Grandma Mary. You were so much a part of our family. As I moved away from home visits back always had conversations about you and how you were doing, the occasions I did miss but you were there and more recently always there and a part of the family as I visited mom and dad. We never did get you in a card game. You always had a good come back and had a soft gentle and fun spirit about you. You blessed our family in so many ways. As life continues to move on without stopping you will forever be in our hearts and memories.*

“ *David and Marie: Caring thoughts are with you at this time. Ruth could not have asked for a better family to care for her in such a loving manner. She will always hold a special place in my heart as being loved very much from my earliest recollection as a young child to the present. Many a time Ruth spent her weekends helping Mother cope with the raising of her seven children. She was an amazing lady!*
